

State of Vermont Internship Program

Organizational Overview

Intern

The Coordinator of the State of Vermont Internship Program will work with the intern throughout the application process. If problems should arise once the internship has begun, the intern should request support from their educational advisor. The educational advisor will be responsible for bringing the student's concerns to the Coordinator of the State of Vermont Internship Program.

State Agency/Site Intern Supervisor

The Coordinator of the State of Vermont Internship Program will work closely with the State Agency/Intern Site Supervisor throughout the application process and internship period. If programmatic problems arise the State Agency/Intern Site Supervisor should contact the Coordinator of the State of Vermont Internship Program. If issues related to the intern's academic credit arise, the State Agency/Intern Site Supervisor should contact the student's educational advisor.

Educational Advisor

The educational advisor will provide academic support to the intern throughout the internship period. Educational advisors, who have been briefed on a problem, should contact the Coordinator of the State of Vermont Internship Program.
